ISAIAH 60

On the 23rd of August 2014, at 09:07 in the evening I heard a voice. I was in a position to pray, leaning towards my bed headboard and holding my bible. Suddenly my spirit connected in prayer, at that moment I heard this very silent voice, polite and calm but with authority and power.

The voice was reading for me the book of Isaiah 60, from verse one to verse twenty two, as this voice was continuing reading I felt heat from my head to my feet, it was like I was eating food, my stomach began to get full as if it will blast, the flames were in my stomach, as the voice continue to read I couldn't contain the flames inside. It was like I was going to die, I wanted the voice to stop reading but continued till the end of the chapter.

The most verse I can remember is verse 1 (Arise, shine for thy light is come and the glory of the Lord is risen upon thee) and also verse 229(A little one shall become a thousand, and a small one a strong nation; I the Lord will hasten it in his time), these verses were like solid food in my stomach, they were uncontainable because His presence was too much.

This was the birth of The Sanctuary Church Of All Nations, according to verse 13(The glory of Lebanon shall come unto thee, the fir tree, the pine tree, and the box together to beautify the place of my Sanctuary and I will make the place of my feet glorious).

WHY DREAMS AND VISIONS?

Dreams and visions are part of our lives and living, we cannot run away from them or say we apply for them to happen. What happens in the spirit affect the physical, some of us were defeated in the spirit then automatically defeated in physical life. We have been killed in our dreams and visions and also we have found growth and solutions in them.

I can quote from the bible some of the servants of God who had visions and dreams and found answers and solutions through them. Servants like Moses, Isaac, Jacob, King Nebuchadnezzar, Joseph and Mary, John the Apostle etc. These servants had an experience of their own and this is continuing to the generation we are in today.

In God we find answers in many ways, like Jesus while He was on earth, He used parables and many signs but led by the Spirit of God, for He was a good sacrifice, the Lamb of God. God can use anything to reveal Himself, He can reveal Himself by His voice, the voice of your spirit, the bible (His word), and the voice of your mind. We really need to know which kind of voice we listen, is it the voice of normal life or the voice of God that is operating. It's very important not to mis-interpret the voice of God and the reaction of the mind and flesh.

THE VOICE OF GOD

From the book of Genesis chapter 1 verse 1 to 5, God created the heavens and the earth and separated darkness from the light. God is the commander of everything in heaven and on earth, He is the Father of everything we own, He is the Father of the voice, He is the voice, and everything exists because of His word.

THE VOICE OF THE SPIRIT AND THE WORD OF GOD

The bible is the manual in which we find directions and answers. The word of God is revealed in us by the Spirit, for the Spirit reveals the deep things of God and the deep things in our lives.

In the word we find wisdom. Proverbs 1:5; let the wise listen and add their learning and let the discerning get guidance, Proverbs 8:12; I, wisdom, dwell together with the prudence, I possess knowledge and decision. The first word 'I', that means a person who speaks, gives knowledge and directions. Proverbs 8:30; then I was by him, as one brought up with him and I was daily his delight, rejoicing always before him.

THE VOICE OF THE MIND AND FLESH

God has found the most engine part of our body and flesh, the mind controls the structure of the body and is the office of our bodies. It communicates with various senses of the body and gives report at all times. Without the mind, the body is dead. Romans 8:6-7; for to be carnally minded is death; but to be spiritually minded is and peace. Because the carnal mind is enmity against God, for it is not subject to the law of God, neither indeed can be. The mind must be controlled by the Spirit to kill the desires of the flesh, and that we can interpret the talking of God in our minds.

THE VOICE OF THE DEVIL

When God is talking, also the Devil will try to compete with God. The voice of the Lord is gentle and calm, but the voice of the enemy is arrogant and speaks many times until his aim is complete and his aim is to destroy and kill. The voice of the devil brings fear and gives no direction. Most of the people are killed or attacked by evil because of the communication with the devil.

HOW DID I BECAME A BORN AGAIN

I was doing standard 7 in J.S Skenjana high school in Idutywa. Early in the morning at 5 o'clock, while I was about to wake up and prepare to go to school, I heard a voice speaking to me in my room. I was scared thinking that there is someone inside this room, but I saw no one.

The voice said to me "repent", I woke up and went to school, I used to arrive late always but that day I was early and it was my first time arriving early. The reason was that i wanted to meet my born again class teacher to lead me to salvation prayer, indeed she lead me and told me to find for myself the salvation church. Then someday six o'clock afternoon, the voice again came and said "Peter Barns". Peter Barns is the founder of New Direction Christian Centre. I met him but I never said anything about what I heard, I just continued to serve under his leadership.

THE GLEAMS OF HEAVEN

Around one o'clock early morning, I had a dream, in this dream I was also dreaming, walking in the very dark tunnel, I was approaching the small light as I was walking. The light became brighter and brighter, that I couldn't contain the flames of the light, suddenly the light consumed the darkness then it was very bright.

I found myself in a beautiful grass, as I was stepping on it, it wasn't dying like the grass we know, it was just giving life. The trees were breathing life and giving life, flowers were singing, how beautiful they are! I still remember the song "we thank you for the beauty". I saw the walls of a rectangular structure, made of different precious stones, gold, silver, bronze, and other stones I have never seen in my life.

When I looked at the roof of the structure, I saw the sea and its living creatures in it, I have never seen such perfection in my life, everything was in order actually it was beyond order. As I was still amazed watching such perfection, I saw the valley of living waters, then suddenly I was given that water in a glass to taste. Amazingly they tasted like all kinds of tastes I have tasted and they were bringing life. As I was enjoying this water, I wanted more, then they were taken away and I woke up. That is why I say it's the taste or the gleams of heaven and I am still seeking more.

ENTRY TO HEAVEN

It was in the evening Thursday, the time of prayer I was sharing the word with two brethren on the book of Ephesians chapter 3 verse 14 to 15 (for this cause I bow my knees unto the Father of our Lord Jesus Christ, of whom the whole family in heaven and earth named), we were praying also, as I was kneeling down praying, I saw myself standing on a road made of gold, the road sides both there were beautiful flowers and green grass. In the distance, I saw a big gate made of gold, above the gate was a bright light. I walked straight towards the gate and I saw two angels accompanying me, one on the right hand side and other one on the left hand side, then I woke up before I entered the gates. Do you want me to continue? Oh my God! I wish I was able to control the dreams and visions to enter the Holy City.

RICHES FROM HEAVEN TO EARTH

It was 04:30 afternoon; I was driving between Eliot and Buttleast at a speed of 120 kilometres an hour. I saw a Holstein Friesian (a breed of dairy cattle), descending from the clouds, very full and ready to be milked. When it reached the ground it exploded to precious stones (gold, silver, bronze etc) and I saw plantations of wheat and greens, I also saw rivers flowing, then I saw a big cruise ship and the vines of wines and my spirit told me that these are the riches I will experience. I believe in the prophetic word and all that the Lord has promised.

GENESIS 28

I was in NU1 Mdantsane during my sleep, I had a dream, I saw a stairway resting on earth with its top reaching to heaven, and the angels of God were ascending and descending on it, they were carrying gifts, bringing them to me. I didn't know at that time that this dream also existing in the bible till the Holy Spirit revealed it to me and I glorified the Lord. There are many gifts God can give us from heaven, too much greatness is found there, His kingdom and His ways. His love, this life we are living is a gift.

HEAVENLY ELDERS

During the day, I was resting in a car, the passenger's seat, meditating. I had a vision, I saw three very old men and the Spirit of God told me that these men were around 500 years of age. They called me and said "come up front", they were also standing next to the altar and they told me to kneel down in front of them. They took out a maroon garment (bloody colour garment), they asked each other "should we give him this garment?" and other said "no let us not give him because others has disappointed us"

Eventually they said "ok let us give him, he won't disappoint us". So they took this garment and put it on my shoulders, it was very heavy, my strength couldn't contain the weight then I fell on my knees. They told me to stand up, I tried but it was very difficult for me to do so, because of its heaviness, I wasn't able to do so, then they said to me "you are able to carry and stand, so you must stand up". As I was trying again, I felt much power and strength and my body was like it would explode, then I was indeed able to stand. After I woke up from the vision, the Spirit of the Lord told me that this is an Apostolic anointing. I have been ordained by the Spirit, not by human hands, but by God's sent.

THE WOUNDS OF JESUS

It was a Sunday service, we were worshiping and praising the Lord, while I was worshiping, kneeling down with my hands lifted. I saw a man with a maroon garment passing, I thought it was one of my brethren just passing, but when it continued to pass I realised that the garment was a bloody garment with fringes. I saw the wounded feet with nail holes, and the blood was coming out of the wounds.

As we were worshiping the song was saying “the blood of Jesus that gives us strength”, then the Holy Spirit told me that this is Jesus. I began to tremble and shake and I was crying out loud. When I was trying to lift my eyes to see His face, I heard a voice saying “you can’t see Him”, then I continued praising him and thanking him for his blood. When I meditate on this vision, I remembered in the scriptures, the woman who was bleeding for twelve years and she found a way by kneeling down and touch the hem of Jesus's garment and she got her healing(mark 5:25-30). I began to know that Jesus is alive, I have seen him and no longer believe but know that he has risen.

SOCCER BALL IN STADIUM

While I was sleeping, I saw myself in a big empty stadium with very beautiful green grass. I was standing in the middle of the playground, then suddenly I saw a soccer ball coming from the clouds down to my feet, as it was rolling coming to me, it was changing in different rainbow colours. I heard a voice of the Lord saying “dlala Msitshana lixesha lakho” (play Msitshana, it’s your time). It was my first time hearing the Lord in my language. Most of the time, He speaks in English.

As I was trying to kick the ball, I felt the power and it was like I was receiving different skills of playing soccer, then I woke up. Why is the Lord showing me the stadium and the ball? The Lord has called me to preach the gospel to all nations, the colours of the ball represent different races, because a soccer game brings different nations in one game. We are called to bring different races to one true God and the purpose of the field is that we score goals. The goal is that we all must know that Jesus is Lord.

SNAKE BITE

It was twelve o'clock at midnight, and I had a dream. I was in a very dark room, as I was inside this room I felt that there was someone with me in the room. It was a big snake and it wrestled with me very violently, trying to kill me. The snake began to wrap itself around my body and tried to break my bones, but it couldn't. As it failed to break my bones, the big snake decided to bite me and its poison entered into my whole body and entered all members and the cells of the body, then the snake left me as it was losing its energy.

Then I heard the voice saying "all things are possible in me" I felt the fire in my body, then the poison began to come out of all the parts of the body and the snake died. The man and the snake is Lucifer himself, I tried in the dream to fight the snake but it bit my human strength. Without the presence of the Lord, it was impossible for me to defeat the snake, it's even impossible to fight the spiritual war. To defeat the spiritual snake, you need the presence of the Lord.

THE MARINE SPIRIT

In this one, I saw myself standing on the seashore, I saw a lift in the middle of the sea. It opened and I entered inside, then it took me to the deepest of the waters, as I was inside, I felt the terrible presence of the spirit of lust. As the lift continued to go down, this spirit was becoming worse and worse, I even felt the smell of the spirit that I couldn't continue to go. I said to God "I can't continue to go down" then I woke up immediately.

The following day, same dream, I was in this lift again. This time I reached the bottom part of the sea, I saw men and women surrounding in a circle, wearing white clothes with white beads and other colours (red and black), with calamine in their faces. They called me to join them in prayer, I said to my heart "Lord it is better not to serve you than to join and pray to this environment", after that I woke up and the Spirit said "you have conquered".

On the third day again the dream continued, I saw myself again standing in the deep sea. I saw an old mermaid with gray hair and beads. It was swimming at a very high speed within a twinkling of an eye approaching me. Suddenly in one metre distance from heaven came down iron buglers right in front of me and the mermaid was unable to attack me.

Mind you I never fought the spirit, it was the protection from above. The marine spirit (spirit of water) is very dangerous, it kills and destroys. This spirit specialises in destroying marriages, false prophets are from there, traditional healers, prostitutes, gays and lesbians, Anti-Christ and Illuminati, they are all there to destroy the body of Christ. Some of the servants and the giants of God and the gifts from God have been converted by this demonic spirit. To Lucifer, the way he loves this spirit, it's like the sweet aroma.

DELIVERANCE FROM THE ENEMY'S ATTACK

After a 24 hour drive from Johannesburg to East London, when I arrived in East London, I parked in my place. I tried to get out of the car but I couldn't, my stomach was very painful and my lungs and kidneys also painful. I thought I was going to die, then I managed to move from the car to my bed room, as I was resting on my bed, the pain was increasing very hard. I called my housemate to take me to hospital.

I went to hospital and the doctors checked me but they couldn't find the problem, they tried their best, but they didn't see anything. They discharged me with pains, I went to the private doctor, he told me that my body is well, healthy and in good condition, but I was in pain. I went back home and tried to sleep.

While I was sleeping I saw myself in a primary school, I intended to consult a doctor in that school. The entrance of the office was very far, it was very hard to reach because of the pains. I tried to rest at a certain table, suddenly I saw five diseased, and demon possessed dogs approaching me, seeking to attack my feet. As they were coming, I was more than ready to fight them, when I looked at my hands, they were strong and my fingers were like cutting blades. I fought all of them and cut them into pieces; I tore their mouth and cut their heads completely. There was a servant of God passing by, he said to me "that was your portion to complete, then I woke up and I realised that my body was completely healed and healthier than before. The time I was sick, I wasn't able to eat, but at that moment I requested food and gave God the glory for my deliverance.

A JOURNEY TO CHINA, THE 14TH OF FEBRUARY 2018

I had this dream, travelling to China, it was during the day, so I was driving. I arrived and it was very hot so I was wearing those Chinese big hats and sandals. I found myself seated on the floor like exactly the way they seat, waiting for the taxi to arrive. I was carrying three heavy briefcases, as a taxi arrived, amazingly there was no driver in it, I mean it was driving itself.

I just shouted the location I was going to and I got in, as I was getting in the taxi, those cases got into the taxi on their own. The place was in high standard, the buildings and traditional huts were amazing, the economy was very stable and its technology was great, professional building structures, you can even feel in the air, full of riches, I was wearing a silk, expensive garment with Chinese collar.

I was speaking Chinese language and I knew what I was saying because there was an interpretation in my mind. This is clear that there are riches and economic development and supernatural growth in the spiritual realms. All things are placed in order and professionally stable, all we need is to call them and they will exist physically, just continue to live in the spirit.
